FOREWORD

Of special importance to the Shorthorn breeding interests are the cattle cataloged by Weaver & Garden to sell in this, their fourth annual sale. These are important and valuable to the herds of this country because they are the product of blood lines that have, and are, exerting a mighty influence for good in the breed's improvement, and the merit of this lot of cattle, all through the list, is but more and stronger evidence of this fact. A casual study of the pedigrees in this book reveals that the predominating strains of blood are those of Whitehall Sultan, Villager, Cumberland's Last, Choice Goods and Gainford Marquis breeding—five great sires whose influence in Shorthorn improvement and advancement has no parallel in the breed's history in this country. There will be noted a few bulls and heifers by Villager, and of most importance is the fact that there are listed some thirty cows and heifers with calves at foot or in calf to Villager's Coronet, the bull that is to continue in service at Uppermill. It may be the last opportunity to secure the get of that grand old bull, Villager, and if breeders will realize the full significance of what this means to the breeding interests an effort surely will be made to have the blood of this sire represented in their herds. As the writer recalls the many good things by this sire at his first American home, Cottage Hill, and has observed a wealth of other material contributed to the breed by him since, and is not unmindful of the exceptional showing that his grandsons and granddaughters made at the Congress Show, he is more firm than ever in the conviction that Villager has earned a place among the greatest sires of his time, and his name or his descendants' names in a pedigree will add materially to the value of such animals for years to come.

(Signed) GEO. E. MARTIN,
Of the Breeder's Gazette.

TERMS AND CONDITIONS

Warranty—We believe every animal to be sold in this sale will prove a breeder under proper care, but should any bull in this offering prove not a breeder after a reasonable trial period, we will replace him to the buyer's satisfaction or refund the purchase price; and further, should any female not prove to be in calf to service given, and on further trials fail to get with calf, we will replace such animal with another of equal value as near as possible. Cows with calves are considered breeders and no further guarantee is given.

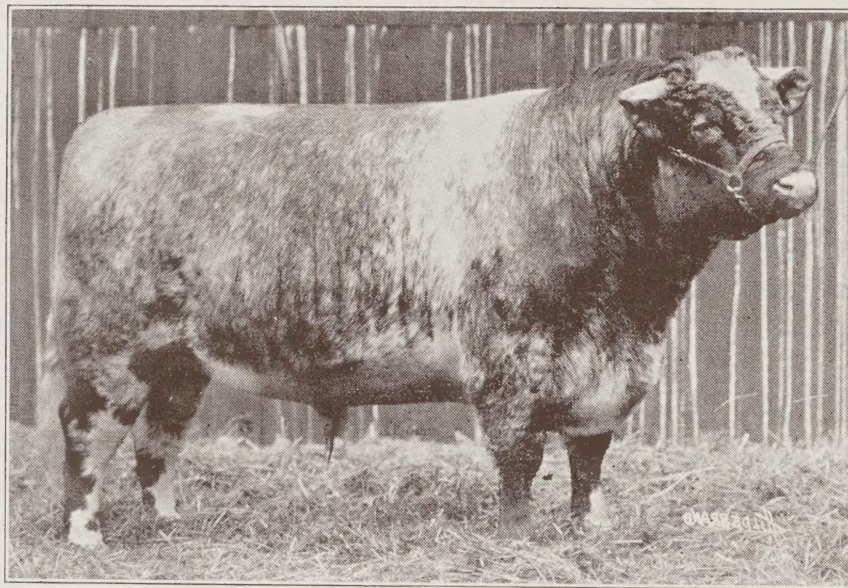

Pedigrees—A transfer certificate of registry in the American Shorthorn Herd Book will be furnished for every animal, with the exception of the young calves sold with the dam, and there will be furnished with these a pedigree in the application form, ready for registry.

Terms—Cash or short time note bearing 7 per cent interest. Anyone not personally known to us desiring to give note for purchase please bring bank reference. All stock will be loaded on cars after sale without trouble to the purchaser. Buyer's risk after bid off. All cattle will be tuberculin tested to conform with the different state requirements before the sale and sold with a 60-day retest provided they are kept away from other cattle.
